

Hi, my name is Brooke Smith and I am a 19-year-old college sophomore. I listen to KLOVE regularly and was shocked to hear that it might be taken off the air in some areas due to an LPFM program. KLOVE is an awesome radio program and God works through these people and singers. It would be a huge loss if KLOVE were unavailable to even one of its listeners. There is no other Contemporary Christian radio station in my area and if KLOVE were gone, what positive Christian radio program would we listen to? There wouldn't be another option. Thanks so much for your time.

Sincerely,
Brooke Smith
